

# Porty-PC DP

## COMPACT RUGGED PORTABLE

The Porty-PC DP is a robust portable computer built using all aluminum sheet metal to provide tough, go-anywhere unit suitable for tough environments and mobile applications. With the 17", HD LCD display and 4-expansion slots design, the Porty-PC can easily fulfill requirement for digital media related applications in the broadcasting market. The Porty-PC can also be configured with many special add-on cards for your unique applications. Every unit comes equipped with cooling fans and easy access to its expansion slots for immediate system upgrade or maintenance. With its simplistic design and rugged construction, the Porty-PC is the most durable and versatile portable platform for your applications.
